

Experience a Patient-Centered Medical Home Provider

Patient-Centered Medical Home (PCMH) is a model of care in which providers focus on preventing health problems from occurring, managing chronic conditions (like diabetes or asthma), and improving your total well-being.

The PCMH Difference

Like you, providers in our PCMH program want your total healthcare experience to be a positive one. When you see a PCMH, you can expect a provider that:

OFFERS EXTENDED OFFICE HOURS

CREATES A CARE PLAN THAT TAKES A FULL VIEW OF YOUR HEALTH AND SERVICES YOU MAY NEED

SUGGESTS LOWER COST OPTIONS, LIKE GENERIC PRESCRIPTION DRUGS, WHEN APPROPRIATE

COORDINATES CARE WITH YOUR OTHER HEALTHCARE PROVIDERS

PROVIDES PREVENTION AND WELLNESS RECOMMENDATIONS

TAKES THE TIME TO LISTEN TO YOU

Find a PCMH Doctor

- Log on to your member portal at azblue.com/member
- Click on **FIND A DOCTOR**
- Check the **PCMH** box under refine your search to see **PCMH** providers near you
